on the train

Check www.citytrain.com.au or phone 13 12 30 to find a service that suits you best. Bicycles travel free.

on your bicycle

from beerburrum rail station (27 kms)

The shortest route with least traffic, running through State Forest and farmland. Steep climb after about 12 kms. Much of the route is unsealed, take care if dust reduces visibility.

Beerburrum-Woodford Road > Glasshouse-Woodford Road > George Street > Woodford town and d'Aguilar Highway (800 metres only, ride on footpath) > Durunder Street > Old Cove Road > Cove Road > Woodrow Road > Festival Gate.

from beerwah rail station (28 kms)

The most scenic option. Follow the main road west for a climb up a winding forested road to reach Peachester. Then ride along quiet roads through farmland to reach the Festival.

Kilcoy-Beerwah Road > Commissioner's Flat Road > Cove Road > Woodrow Road > Festival Gate.

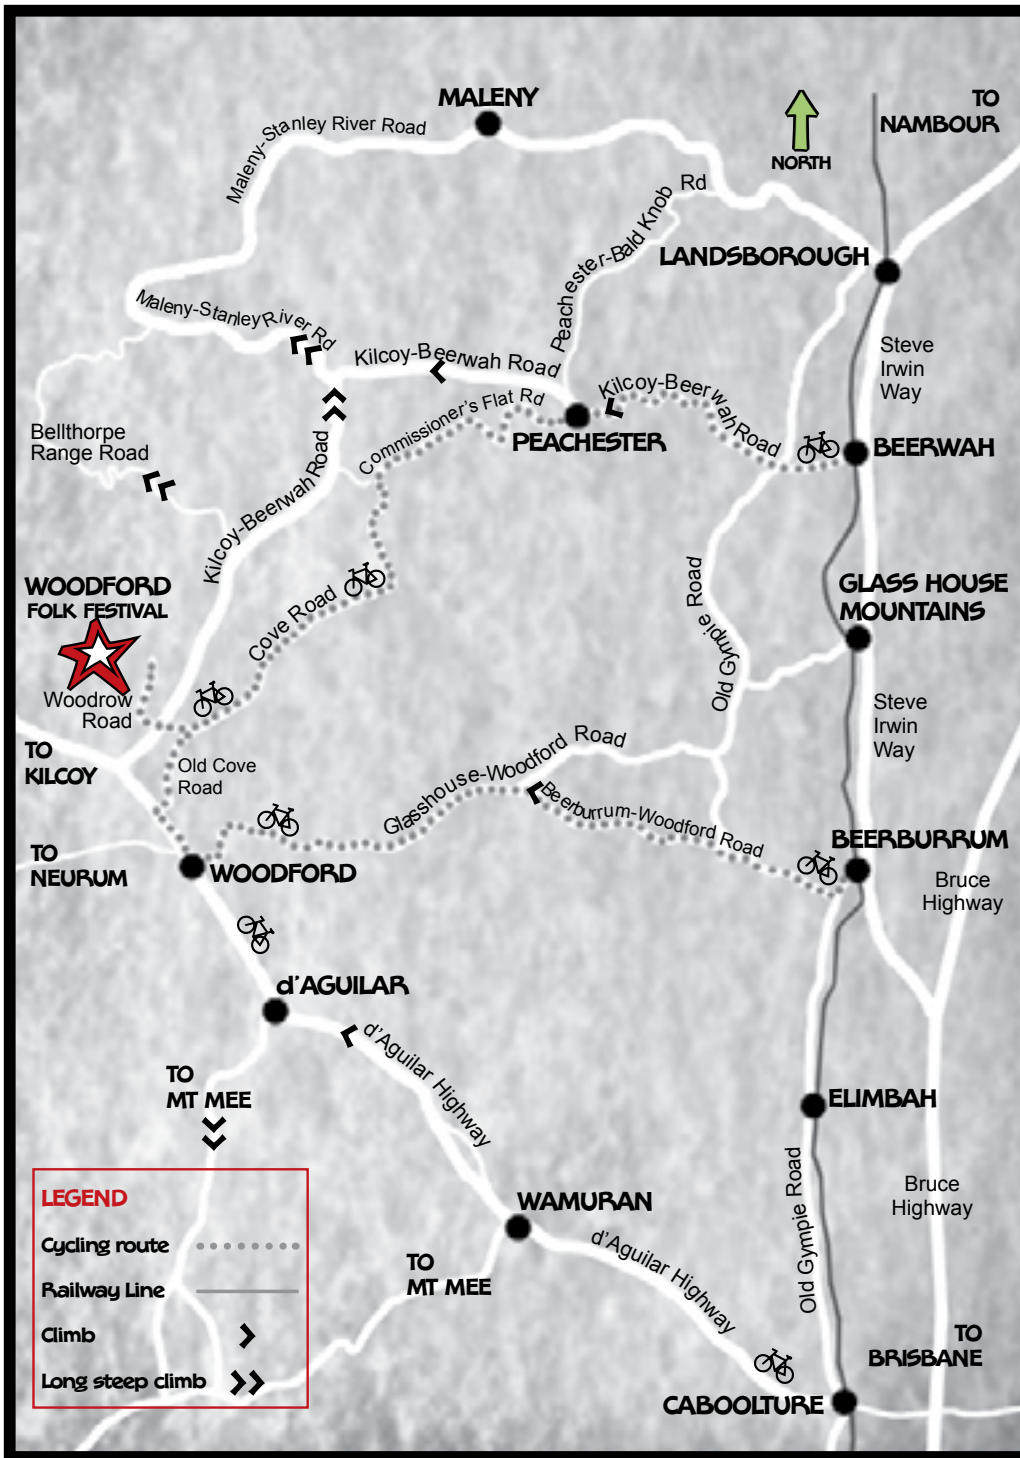

from caboolture rail station (31 kms)

This is the least recommended route as the d'Aguilar Highway may be busy with fast highway traffic, including B-Doubles. Long climb after 16 kms.

d'Aguilar Highway > Kilcoy-Beerwah Road > Woodrow Road > Festival Gate.

riding partner service

Epic Cycles can link you with a riding partner. Phone 07 3368 2324

please ride safely

be visible

Be visible. Wear bright colours and use safety flags on trailers.

Queensland summers can be hot. Wear sun-safe riding gear, sunscreen and drink plenty.

Don't become dehydrated. Ride in the cooler times of the day.

Be road aware. Allow room for speeding traffic to pass safely. Move on to the verge if necessary.

Give way to pedestrians and other users.

ride safely

Keep well to the left of the road.

Sound the bell when approaching the back of another cyclist or pedestrian before passing on the right - have a bell fitted to your bike (required by law).

Be mindful of pedestrians at all times and adjust your speed accordingly.

Don't use headphones and mobile phones when riding.

Consider using a bicycle mirror.

carry water

Carry tools for repairs, flat tyres etc.

Know your route. A missed turn can be a hot mistake.
