

Woodford Folk Festival 2018/19 Stallholders Gas Requirements

All stallholders who intend to use Gas Equipment must complete the following form so Woodfordia Inc Gasfitters can then evaluate your equipment before it is allowed on site. Please do not upload previous years information or expect us to know it.

Each piece of equipment listed must have a clearly visible compliance data plate attached and be of commercial quality. Equipment not of commercial quality will be confiscated until after the festival. Refer to compliance data plates for information or speak to the manufacturer if you are unable to confirm your equipment complies with QLD Gas Authority standards.

Gas Appliance	Data Plate #	Certified by	Brief description

I/We understand that if my equipment does not comply or look in an unsafe condition WFF Gas Fitters will not allow us to use this equipment at WFF.

I/We take responsibility to ensure that the equipment complies with current standards.
